**WHAT IS THE USE OF YOUR SLAVING LONGER
FOR SOME ONE ELSE.**

Why not start a business for yourself, reap all the profits and
get a standing in your locality.

If you are in some one's employ, remember he will not con-
tinue to pay you a salary only so long as he can make a profit
out of your labor.

In this era every bright man and woman is looking to own a
business, to employ help and to make money.

It is just as easy to make money for yourself as it is to coin
money for some grasping employer, who pays you a small salary
each week.

If you are making less than \$30 weekly it will pay you to
read this announcement, for it will not appear again in this
paper.

If you read it and take advantage of the opportunity offered,
you will never regret it. To own a business yourself is cer-
tainly your ambition.

We start you in a profitable business. Teach you abso-
lutely free how to conduct it.

To show you what others have done, we quote the expres-
sions of a few who have made money in the nickel, gold, silver
and metal plating business:

"MR. REED MADE \$88.16 THE FIRST 3 DAYS." Mr. Cox
writes: "Get all I can do. Elegant business. Customers happy."
Dave Crawford writes: "Am 60 years old, just completed job
1800 pieces tableware. I clear about \$6.00 a day profit."

Gentlemen and ladies positively make \$5 to \$15 a day at
home or traveling taking orders, using, selling and appoint-
ing agents for PROF. GRAY'S Latest Improved, Guaranteed
Plating Machines and Outfits. NO FAKE OR TOYS, but genu-
ine, practical, complete, scientific outfits for doing the finest
of plating on WATCHES, JEWELRY, KNIVES, FORKS,
SPOONS, CASTORS, TABLEWARE OF ALL KINDS, BI-
CYCLES, SEWING MACHINES, SWORDS, REVOLVERS,
HARNESS AND BUGGY TRIMMINGS, metal specialties; in
fact all kinds of metal goods. HEAVY THICK PLATE
EVERY TIME GUARANTEED TO WEAR FOR YEARS. No
experience necessary.

There is really a wonderful demand for replating. You can
do business in nearly every house, store, office or factory. Al-
most every family has from \$2 to \$10 worth of tableware to be
plated, besides watches, jewelry, bicycles, etc.

Every boarding house, hotel, restaurant, college or
public institution has from \$5 to \$75 worth to be plated.
Every jeweler, repair or bicycle shop, every dentist,
doctor and surgeon, every man woman and child you meet
has either a watch, some jewelry, bicycles, instruments, or
some articles needing plating.

Besides the above there are hundreds of patentees and
manufacturers of metal goods, bicycles, sewing machines and
typewriter repair shops who want their goods plated, or to
whom you can sell a plating outfit, furnishing them supplies
to do their own plating.

Retail stores who handle hardware, harness, tableware and
plated or metal goods all need a plating and polishing outfit
for refinishing goods that become worn, soiled, rusty or tar-
nished.

Every Undertaker requires a plating outfit for repairing
and finishing coffin and hearse trimmings which are soiled,
tarnished or worn.

Manufacturers are making and selling tons of new table-
ware, jewelry, bicycles and various kinds of metal goods every
month which has only a very thin plate, which in a few weeks,
wears off, making the goods unsightly, unfit for future use un-
less plated.

Manufacturers of new goods do no replating on old
goods whatever, but try to force the public to throw away

the old and buy new at high prices, but this only makes the
plating business better.

The more new thinly plated goods sold the greater
will be the demand for plating. Plate some articles for
your friends and neighbors by Professor Gray's Process, and
it quickly proves to them its genuineness and merit and

that your plating is much thicker, will wear better and longer
than a large percentage of the new goods. Your trade is then
established, and within a short time you will have all the goods
you can plate.

Plate a few articles for your friends, call a few weeks,
a few months, or five years later, and you will find the plate sat-
isfactory, and they will give you every article they have need-
ing to be plated.

When you deliver the goods plated to customers they will
be well pleased, in fact delighted with the work, will pay for
it promptly, and you will be given on an average twice as much
work to be plated as they gave you the first time you called.

YOU CAN DO PLATING SO CHEAP

that every person can afford to have their goods plated.
No tidy housekeeper will allow worn and rusty tableware
to go before a guest when it can be restored and made equal to
new.

No person will wear jewelry or a watch, or ride a bicycle,
or use a type writer, sewing machine, or any machine made of
metal from which the plate is worn off when they see samples
of your work and hear your prices. People in this day and
generation are too sensible and economical to throw away
their old goods and buy new when they can have their old
goods replated for so small a cost, making them, in many cases
better than when new.

The best part of the plating business is that it increases fast
and is permanent.

Put out your sign, secure your outfit do a little work, and
quickly you will be favored with orders. If you do not wish
to do the plating yourself you can hire boys for \$3 or \$4 a week
to do the work the same as we do, and solicitors to gather up
goods to be plated on commission.

VER AND NICKEL PLATING.

It is not hard work, but is pleasant, and especially so when
your business is netting you \$20 to \$35 a week for 5 or 6 hours'
work a day.

This is only a minimum income which may be made by any
one who is not lazy; hustlers should make \$100 weekly.

TREMENDOUS PROFITS

The profits realized from plating are tremendous.
To plate a set of teaspoons requires only about 3c worth of
metal and chemicals; a set of knives, forks or tablespoons
about 5c worth. The balance of the price received for the
work is for the agent's time and profit.

Agents usually charge from 25c to 50c per set for plating tea-
spoons, from 50c to 75c for tablespoons and forks, and from 60c
to \$1.00 for knives.

We allow you to set your own price for plating. Get as
much as you can. You will have no competition. You know
what it costs to plate the goods, and all you get over cost is
profit. Some agents charge much more than the above prices,
while others do the work for half and still make money.

Let us start you in business for yourself at once, don't
delay a single day. Be your own boss. Be a money maker.
We do all kinds of plating ourselves, have had years of
experience, and are headquarters for plating supplies. We
manufacture our own dynamos and outfits, all sizes and send
them out complete, with all tools, lathes, wheels and mater-
ials; everything ready for use.

We teach you everything, furnish all receipts, formula-
las and trade secrets free, so that failure should be impos-
sible, and anyone who follows our directions and teachings
can do fine plating with a little practice, and become a money
maker.
